

## Taman Laut – Usaha ke Arah Pengekalan Khazanah Laut Malaysia

Terdapat lebih 1000 buah pulau tropika di perairan Semenanjung Malaysia hingga ke Sarawak dan Sabah.

Bagaimanapun hanya 40 pulau sahaja yang telah diwartakan sebagai taman laut.

Taman laut adalah satu kawasan perairan yang dizonkan sebagai santuari bagi melindungi ekosistem marin khususnya terumbu karang

Sea Anemone

Crown of Thorns

Table Coral

Brittle Star

## Marine Parks – Efforts in Conserving Malaysian Marine Heritage

*Off the west and east coast of Peninsular Malaysia to Sabah and Sarawak there are about 1000 beautiful tropical islands.*

*However, only 40 of these islands are declared as marine parks.*

*A marine park is an area of the sea zoned as a sanctuary for the protection of its marine ecosystem especially coral reefs and its associated flora and fauna.*
